

Schools interested in placements in a number of areas

Gaining experience in an English school is an important step in getting back into teaching in England.

There are a number of schools in the Northern and Central England who are keen to support refugee teachers with voluntary placements in schools. In particular, we have interested schools in the following locations:

- Crewe
- Leeds (primary schools particularly)
- Liverpool
- Manchester (primary schools)
- Salford (primary schools)
- Wigan

If you don't have any experience in a school in England and live in one of the areas above, contact Eddie on edward.ralston@refugeecouncil.org.uk or call 07903 407575.
